Address: Brgy. Anislagan, Naval, Biliran, 6560

I am Jewel Kim Arche, a Fresh Grad with a Degree of Bachelor of Science in Information Technology.

Passionate about programming and development. Proven project leader, having led multiple class projects to completion. Proficient in a range of modern technologies including PHP, JavaScript, MySQL, C++ and VB.Net.

Ever since I finished my studies, I've always wanted to work in an industry where I hope to evolve my skills in a challenging environment, want to work within a team and provide efficient solutions.

I may not be the most talented or the smartest candidate but I am always open to learning and googling stuff became a habit to me, I can even consider googling as one of my skills. I have this eagerness and curiosity to learn about technology, programming and things that are interesting. I can assure you that I work the hardest, I will put in more hours, I will be dedicated to the tasks that are given and I believe that attitude is greater than aptitude.

EXPERIENCE:

ATM Banking System (C++)
Project Leader/Programmer
First Year (2018)
This project aims to perform basic banking activities such as balance inquiry, withdrawing money, making deposits and change PIN. For an efficient transaction it:

- Enables to check the amount of savings balance.
- Enables to perform cash withdrawal.
- Allows deposit funds.
- Allows changing the PIN of ATM account.

It was a project requirement for our finals, we were consisting of 2 members, it was basically by pair and I was the project leader and the programmer.

Music Playlist (Static Website-HTML) https://hunkydoryofficial.github.io/mylauv'splaylist/
Developer
2nd Year (2019)
I created this website for our HCI subject which our instructor introduced us about HTML. We were tasked to create a static website.

IQ Test (C++)
Project Leader/Programmer
2nd Year (2019)
This project aims to determine the IQ level of a person by answering some questions. The system automatically computes all the scores based on the chosen answers using IQ test scale and decide what level the user's IQ is.

Inventory System (PHP)
Project Leader/Programmer
2nd Year (2019)
This project was created for our final requirement in the subject HCI and Database Management System.

Social Distancing Alarm System (Arduino Simulation)
Programmer
3rd Year (2020)
This project was created for our Final requirement in our IT Major Elective 1 subject.
Social Distancing Indicator-Alarm System is a system that is designed to maintain social/physical distancing.

Phonebook App (Android)
Developer
3rd Year (2020)
This project was created for our final requirement for the subject Mobile Programming (IT Major Elective 2).

Freelancer
Accepted commissions regarding making programs (assignments, activities, etc.)
2021-Present

Integrated Enrollment, Billing and Grading Automation (EBG) Software of ACLC College Of Ormoc (PHP)
Project Leader/Programmer
4th Year (2022)
Our final year project.

MyPortfolio (HTML, CSS)
Developer
2022 (Ongoing)
Personal Project

EDUCATIONAL BACKGROUND:

Tertiary	**:**	**BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY**
		ACLC COLLEGE OF ORMOC
		Lilia Avenue, Brgy. Cogon 6541 Ormoc City, Philippines
		2018 – 2022
Secondary	**:**	**NAVAL SCHOOL OF FISHERIES**
		Caraycaray, Naval, Biliran
		2012 – 2018
Primary	**:**	**ANISLAGAN ELEMENTARY SCHOOL**
		Anislagan, Naval, Biliran
		2006 – 2012

ACHIEVEMENTS AND AWARDS:

- Cum laude (2021-2022)
- Web Page Development Awardee (2021-2022)
- Visual Basic Programming Awardee (2021-2022)
- OJT of the Year Awardee (2021-2022)
- Dean's Lister Award (2020-2021)
- Dean's Lister Award (2019-2020)
- Dean's Lister Award (2018-2019)

SEMINAR/WORKSHOP:

- 2021 Startup Thursdays – "Blockchain, Cryptocurrencies, and Decentralized Commerce" Webinar conducted by DICT Visayas Cluster
- 2021 Startup Thursdays – "Fruits of Stubbornness" Webinar conducted by DICT Visayas Cluster
- 2021 Startup Thursdays – "The Whys of Startups: Solving Real-Life Problems" Webinar conducted by DICT Visayas Cluster
- 2019 (Department of Information and Communications Technology) DICT Startup Basiqs Workshop in Partnership with QBO Philippines
- 2019 Young Leaders for Resilience Program: Enterprise Design Thinking Workshop
- 2019 (City Youth Development Office) CYDO Design Thinking Workshop and Competition

SKILLS:

- Programming/Development/Debugging
  - HTML, CSS, Bootstrap, JavaScript, jQuery, JSON, PHP, MySQL, C++, VB.net)
- Basic knowledge in Computer Networking/Troubleshooting
- Proficient in both Windows and Linux environment
